OTHER INFORMATION YOU WISH TO PROVIDE

YOUR FUNERAL DIRECTOR

Your funeral director should be consulted by your family immediately at time of death. He or she is a professional, licensed by the State of Alabama. In order to obtain a state license as a funeral director, he or she had to meet the educational requirements of the Alabama Funeral Directors and Embalmers Licensing Code. His or her professional training and experience will be needed in order to carry out the service you have outlined in this Pre-Planning Guide.

The funeral director will be consulted as to the time and place of service. He or she can assist in having the grave opened, obtaining pallbearers and contacting clergy. He will arrange for newspaper notices to be published and can help in procuring certified copies of the death certificate. He is also qualified to advise you about the Veterans Burial Allowance and Social Security Benefits.

The funeral director will take care of the administrative work in the filing of the death certificate with the local Registrar and obtaining copies of it, if needed, as well as obtaining a burial permit. If transfer is to be made to another location for burial, he or she will arrange for transfer by auto, rail or air, and can advise your family as to the most economical and best means of transfer. Your funeral director will be able to aid you in selection of a casket and burial vault and can help in providing clothing if needed.

Further information of all benefits and eligibility requirements can be obtained on the internet at www.cem.va.gov, through your nearest Veterans Affairs office, your county Veterans Service Officer or your local funeral director.

SOCIAL SECURITY INFORMATION

To facilitate receiving Social Security Benefits as next of kin to the deceased, you will need the following when you contact your Social Security Office.

1. Marriage certificate
2. Children's birth certificates
3. Proof of widow's or widower's age if 60 or over.
4. Deceased's Social Security Number
5. Total wages paid on IRS W2 form or Schedule "SE" for preceding two years.
6. Proof of death (done for you by the Funeral Director—a death certificate is not required).

Social Security pays a lump sum death benefit of \$255 to a surviving spouse. If there is no surviving spouse, the benefit is not paid unless there are eligible MINOR children. It usually requires three months for a widow to start obtaining Social Security Benefits. Additional information is available on the internet at www.ssa.gov/pubs/deathbenefits.htm.
